ORDINANCE No. 22-1919.

AN ORDINANCE providing for the
lighting of the streets of the City of
Pascagoula, State of Mississippi, and
providing for a water-works system for
said city, and for supplying its in-
habitants with electric light and pow-
er and water and authorizing A. B.
Paterson, his successors and assigns
to purchase or construct, and to main-
tain and operate an electric light and
power plant in said city, and to lay,
erect, maintain and operate poles,
wires, transformers and water mains
and pipes in, along, over and upon the
streets and alleys and public places of
said city; and contracting with the
said A. B. Paterson with regard to

the rates to be charged by him, his
successors and assigns to the inhabi-
tants of said city for electric lights
and water; and contracting with the
said A. B. Paterson for municipal lights
for the said city to light the streets
and alleys of said city, and for furnish-
ing to said city water for fire and
other municipal purposes.

BE IT ORDAINED by the Mayor
and Councilmen of the City of Pasa-
goula, State of Mississippi:

Section 1. That A. B. Paterson, his
successors and assigns, hereinafter
called the grantees, he, and they are,
hereby granted, a franchise for a peri-
od of twenty-five (25) years, subject
only to the conditions herein con-
tained, to erect, maintain and operate
an electric light and power plant or
plants within the present and future
limits of the City of Pascagoula, State
of Mississippi, and to use the streets,
alleys and public places of said city
for the erection of poles, wires and
other appliances and appurtenances,
necessary or proper, for the genera-
tion and transmission of electrical en-
ergy.

Section 2. That the said A. B. Pa-
terson, his successors and assigns,
hereinafter called the grantees, are
hereby granted a franchise for a peri-
od of twenty-five (25) years from the
date hereof, subject only to the con-
ditions herein contained, to erect,
maintain and operate a waterworks
plant or plants within the present and
future limits of said city, for the lay-
ing and maintenance of mains, pipes,
services, plugs and other appliances
and appurtenances necessary and prop-
er for the operation of said plant, and
the distribution of water among the
inhabitants of the city of Pascagoula.

Section 3. In consideration of the
payments to be made, and the cove-
nants to be kept and performed by the
city as hereinafter mentioned, the said
grantee shall furnish the City of Pasa-
goula for a period of twenty-five (25)
years from the date of the completion
of the said electric light plant 125
Tungsten street lamps, said lamps to be
located by the said mayor and council-
men of the said city; said lamps to be
kept by the grantee in good repair and
to be lighted every night in the year
from thirty (30) minutes after sunset
until thirty (30) minutes before sun-
rise the following morning, being ap-
proximately thirty-six hundred (3600)
hours per year, and shall be supplied
with a voltage of not less than twenty-
two hundred and forty (2240) volts at
the plant.

For the said lamps the said city
agrees to pay a service charge of fifteen
(\$15.00) dollars per lamp per year plus
a rate of five cents per kilowatt hour
for current consumed by said lamps,
kilowatt hours consumed per year to
be arrived at by multiplying the watt-
age of the lamp by thirty-six hundred
(3600) hours. The sum arrived at by
adding the service charge of fifteen
(\$15.00) dollars per lamp per year to
the consumption arrived at as afore-
said for one year shall be payable in
twelve (12) equal monthly install-
ments on the 15th day of each month,
payment being made the month suc-
ceeding when the service is rendered.

The said lamps shall be kept burn-
ing all night during every night in the
year, but in case of outages, then an
amount shall be deducted each month
for the number of hours any lamp or
lamps are out, at the rate in propor-
tion to the amount the city is paying
for the current consumed.

Section 4. In consideration of the
payments to be made and the cove-
nants to be kept and performed by the
said city as hereinafter mentioned, the
said grantees shall furnish the said city
of Pascagoula for a period of twenty-
five (25) years from this date 34 fire
plugs of uniform and standard type
connected with its water main, and
shall furnish a water pressure on its
mains of not less than forty-three (43)
pounds, and in case of, and during the
existence of fire within the corporate
limits of said city, the grantee shall
raise or increase such pressure as re-
quired to not less than one hundred
and twenty-five (125) pounds, and
maintain said pressure of one hundred
and twenty-five (125) pounds on the
mains as long as may be necessary to
extinguish such fire. Such necessity
to be indicated by order of the chief of
the fire department or in his absence
his substitute or authorized represen-
tative, who shall have authority to
order the water pressure from time
to time and such pressure of water in
the mains to be indicated by a stand-
ard type of water gauge to be supplied
by the grantee free of charge to the
city and located at such central sta-
tion for public inspection as the city
council may indicate. For said fire
plugs so to be furnished by the gran-
tee, as aforesaid, the city agrees to

TERRIFIC FLOODS IN MISS. AND ALA.

Numbers of Lives Lost, and Property
Damage Reaches into the
Millions.

Torrential rainfall throughout the
interior of Mississippi and Alabama
Tuesday have produced flood stage in
all rivers and watercourses, resulting
in the drowning of numbers of per-
sons, thousands of cattle and property
damage running well into the millions.
Only a moderate rainfall visited the
coast section.

Alabama's situation appeared most
serious Thursday, but the crest of the
flood appeared to have been reached.
Railroad traffic in that state was para-
lyzed, but conditions are expected to
improve Friday. Mississippi suffered
severely and few railroads were able
to operate. Wrecks due to washouts
cost the lives of several persons and
others were severely injured. At
many points people were marooned by
the high waters Wednesday, but nearly
all were rescued. Hundreds of cattle
were drowned in Southern Missis-
sippi and in Alabama, while bridges
and roads were badly damaged.

Traffic on the Louisville & Nash-
ville was completely interrupted
Thursday by the flood in the vicinity
of Montgomery, Ala. John Rose, su-
perintendent, said that water was over
the tracks for twenty miles outside of
Montgomery and until he flood sub-
sided it would be impossible to repair
the track. The regular passenger ser-
vice between here and Montgomery will
be maintained except that the New
York limited train No. 37 and 38 have
been annulled. Trains on this road
ran irregularly Thursday but Mr. Rose
stated that the passenger service be-
tween New Orleans and Montgomery
would be normal Friday. No tickets
he said, would be sold for points on
the other side of Mobile.

DEATH OF B. B. KREBS.

Mr. B. B. Krebs, a prominent citizen
of this community, died at his home
at East Side Wednesday evening at
6:45 o'clock, following a brief illness
of pneumonia, aged 66 years. He is
survived by his wife, Mrs. Ophelia
Bishop Krebs, and twelve children:
Mrs. George Murrill, of Mobile, Mrs.
Tony Ankerson, of Mobile, Mrs. Wil-
liam Brundum, Mrs. George Slides,
Messrs. John, Joseph, Hugh, Lloyd,
Otis and Leo Krebs, and Misses Han-
nah and Vivian Krebs of this city,
eleven grandchildren and a large num-
ber of relatives throughout this com-
munity and in Alabama. Mr. Krebs
was a man of sterling character, high-
ly respected throughout the county
and a devoted member of the Catholic
church. He was a contractor by pro-
fession being regarded as one of the
most proficient builders in this vicin-
ity and standing high in the estimation
of his co-workers. The funeral took
place from his late residence at 2:30
Friday afternoon, proceeding to Our
Lady of Victories Catholic church, and
thence to Macphailah for interment,
Rev. Father E. O'Reilly, pastor, offici-
ating. A large number of relatives
and friends attended the services at
the home and cemetery, and many
beautiful floral offerings attested the
high esteem in which he was held.

pay the sum of twenty (\$20.00) dollars
for each fire plug service per year,
payable in equal monthly installments
on the 15th day of each month follow-
ing the month when service is ren-
dered. In the event of failure of the
grantee to furnish and maintain the
pressure aforesaid during the continu-
ance of a fire, the grantee shall for-
feit to the city the sum of one hundred
(\$100.00) dollars for each such failure,
said sum to be deducted by the city
from the next monthly payment due
under the terms of this contract; pro-
vided, however, that in the event such
pressure is below said standard by di-
rection of the city, or its chief of the
fire department, said penalty shall not
be required, and provided further that
such forfeiture shall be deemed and
treated as a penalty and shall not be
in any case construed to operate as a
waiver of any remedy or redress ac-
cruing to the city as a result of such
dereliction and breach of contract or
as an excuse or palliation for same.

Section 5. In consideration of the
benefits to be derived by the city from
this ordinance and the contracts em-
bodied herein, it is mutually under-
stood and agreed between the said
city and the said grantee, his suc-
cessors and assigns, that the said grantee
shall have the right to charge, and

PUBLIC SCHOOLS SHOW LARGE ATTENDANCE

Superintendent Walker's report to
the trustees for the month ending No-
vember 30, will prove of interest to
the patrons, and is herewith given in
full:

Superintendent's Report.
The enrollment and attendance sum-
mary is as follows:

Central—Enrollment 404; average
attendance 368.55; percentage of at-
tendance 91.4.

Piggie—Enrollment 187; average at-
tendance 162.35; percentage of attend-
ance 87.3.

Beach—Enrollment, 97; average at-
tendance, 90.55; percentage of attend-
ance 93.3.

Lake Avenue—Enrollment, 76; av-
erage attendance, 67.70; percentage of
attendance, 89.

Total, White—764; average attend-
ance 690.45; percentage of attendance,
90.3.

Total Colored—Enrollment, 194; av-
erage attendance 170; percentage of
attendance, 87.6.

Grand total—Enrollment, 958; av-
erage attendance, 860.45; percentage of
attendance, 87.6.

In pursuance to resolution passed at
a previous meeting, the use of the
basement rooms at Central School has
been discontinued and the pupils of
these rooms have been removed to a
frame building at a convenient dis-
tance from Central School, under su-
pervision of Misses Lida Meriwether
and Leona Nelson. To relieve the
former, the first grade numbering
about 17, have been assigned to Miss
Nelson, who takes the second grade
in the forenoon and the first grade in
the afternoon, leaving Miss Meriweth-
er about 70, whom she takes in morn-
ing and afternoon divisions.

At the Beach, to relieve the two
teachers somewhat, an assistant, Miss
Cox, has been employed for the fore-
noon of each day. She gives full time
to the second grade, dismissing them
at noon, thus affording the other teach-
ers more time for individual attention.
Stoves have been installed in all the
schools now and the reasonable com-
fort of the pupils in bad weather is as-
sured. A fire drill has been insti-
tuted at Central and will be systemat-
ically carried out. A fire escape should
be provided at the auxiliary school as
soon as possible for the safety of the
pupils on the second floor. (This has
since been provided.)

There has been very little serious
sickness among the pupils. Only one
serious case is reported—Corinne
Vaughn, who has pneumonia. The at-
tendance as shown from the summary,
has been good. The discipline has
been good, resulting in good order.
The spirit of the children toward their
work is fine and I feel that I can con-
scientiously commend the results.
I will state in conclusion that I
have kept in close touch with all the
schools, visiting all the white schools
at least once a week, sometimes often-
er, and have visited the colored school
at least twice a month. Conditions in
the colored school have improved
since last session. The patrons of
this school deserve to be commended
for building a concrete walk from the
front gate to the school.

Respectfully submitted,
P. S. WALKER,
Superintendent.

The city school trustees meet month-
ly on Monday before the first Tues-
day in the month, at 7 p. m., in the of-
fice of the superintendent at the Cen-
tral School. At these meetings the
trustees will hear complaints or sug-
gestions. Such matters must be pre-
sented in person or by writing.
Christmas holidays will embrace
Christmas week only, school work to
be resumed Monday, December 29.

TEMPORARY SHUT DOWN AT SOUTHERN PAPER COMPANY

The Southern Paper Company closed
their plant on Saturday evening for a
week for the purpose of installing oil
burning machinery to take the place
of the coal burning engines. Since the
coal strike and the drastic regula-
tions imposed by the government for
the saving of coal the plant has had
difficulty in securing fuel in sufficient
quantities to run the plant success-
fully; consequently the installation of oil
burning engines became almost a
necessity, and it is expected the work
will be completed in several days and
the plant running on schedule time.

Mr. D. V. Belk of Kansas City, Mo.,
spent several days of this week here,
leaving on Tuesday for a brief visit
to New Orleans.

A carload of government owned
goods has been received here and
placed on sale at Cnty's old store.
